In the name of Allah the Gracious the Merciful

There is no power and no strength save in Allah

My beloved brother I ask [UI] the forgiveness [UI] for the late reply for I truly was facing somewhat difficult circumstances at the work and but thank Allah Lord of the worlds for already my affairs went well by the blessing of our path for His sake there is no god but Allah good news Allah willing I already obtained a device now with very high specifications and truly I now work on systems of the protection and the prevention in case that there is any kind of spying or monitoring already [sic] so the caution is a must and there will not be an American dog a day of the days eater of pigs to pursue us we are a just nation and Allah is with us Allah willing I was already disturbed for this news which happened as you say and but I did not know anything about it and but by Allah Allah willing that our strikes be a joy for them in their prisons hopefully my Lord blesses them and destine for them paradises in their intention so may Allah bless you for what you do and for what we will do I thank Allah many thanks I am truly with you

So I am truly reassured and I see a path that has a big success with you for the victory of our religion and restoring of our honor and east [sic] of every Muslim who performed jihad or is imprisoned or is martyred so by Allah we will draw the happiness in their hearts even while they are in their prisons I ask Allah be He exalted that we be from the successful ones so by Allah we will surely make the horror in their hearts as our forefathers did to their forefathers the Romans and the apostates so truly the time came and the [UI] our characteristics and the religion is true and Allah is with us and our minds are enlightened from the manifestation of His glory Allah

willing He is the mover of the beasts thank Allah I already obtained now a good means of communication that already cost me an amount of monthly payments and but I ask Allah that He makes it in the balance of my good deeds so my jihad in my money and my power and my soul gladdens me and comforts my soul over these the apostates and my young age will surprise them in the future that even the coming generation will never forget Jerusalem and neither Iraq and neither the blood of a child or a woman or a Mujahid or anyone who said there is no Allah [sic] but Allah Muhammad is Allah's Messenger we will render them victorious our generation is the end of the time and the start of the victories for the Muslims as we were victorious over the greatest country in the world the country of the Apostate Romans and already we were less [UI] and less in arsenal and but we fight with our souls our hearts and our [UI] and Allah alone blesses us with His angels Allah willing and facilitates for us our path and there is a good idea that already occurred in my head it will be of the strongest strikes Allah willing it will hit the domestic and world economy of their partners I will [UI] about it with my brother al-Hussein may Allah bless him and there is much coming and then the moment of my allegiance will come to the commander Usama may Allah facilitate for him comfort in His paradises and His world

and compensate him for what he lost he and all our [UI] in
The word there is no god but Allah Muhammad is Allah's Messenger
The patience is a quality I am endowed with Allah willing and the disguising is a quality that I
am endowed with also and the planning and the striking and the appropriate time and the location
at that time will be as it was

September
And more and less costly
My beloved brother I thank you for the method of your dealing with all the brothers I ask Allah to
bless you and protect you and enlighten for you your path and grant you what you ask for and
compensate you for what you lost in His paradise
Patience patience
For truly the greater victory is coming
Aba al-Ayyubi
The Levant are my homelands
Peace and Allah's mercy and blessings be on you
And nothing will ever scare me Allah willing even if they put their dogs and their weapons and
their hands on my location so it will be the moment of their destruction and the moment of my
departure to meet my beloved ones and my Messenger and my Lord Lord of the great throne and
none will cut off my head except the one who created it praise Him
I relied on Him
There is no god but Allah Muhammad is Allah's Messenger
